The Capitol Hill Community Foundation continues to be the institution that neighbors turn to when neighborhood institutions need support.

Whether it be handling the current outpouring of support for the **Eastern High School Marching Band**, providing grants during the Pandemic to keep our community organizations working, or helping the displaced residents of the **Arthur Capper Senior Apartments** after the 2018 fire, or assisting employees after the 2013 **Frager's** fire, or helping merchants after the 2007 devastating fire at **Eastern Market...**

The Foundation stands ready to marshal community resources when they are most needed.
